

BSC AI Factory – Acceleration Programme Pilot Initiative

Resolution of Call 1

Final Resolution

Date of issue: 22nd of May 2026

1. Background and Procedure

In accordance with the timeline established for Call 1 of the BSC AI Factory Acceleration Program Pilot Initiative, the application period ran from **13 April 2026 to 6 May 2026**. A total of 87 applications were received.

The selection procedure consisted of two stages:

- **Eligibility Screening:** All 87 submitted applications were assessed to verify compliance with the mandatory eligibility criteria set out in Article 3 of the Rules for Participation. Of these, 71 applications were found to fulfil all required criteria and were admitted to the subsequent evaluation stage. The remaining 16 applications were deemed ineligible on the basis of not meeting one or more mandatory criteria (see Section 3).
- **Competitive Evaluation:** As the number of eligible applications (71) exceeded the number of available places (15), a competitive evaluation process was conducted in accordance with Article 6.4 of the Rules for Participation. Applications were assessed against the five evaluation criteria defined in Article 6.5 by an Evaluation Panel.

2. Outcome of the Selection Process

Following the competitive evaluation, all 71 eligible applications were ranked from highest to lowest score. Upon completion of the acceptance procedure, it is hereby resolved that 15 companies have confirmed their participation as Beneficiaries under Call 1 of the BSC AI Factory Acceleration Program, for the Batch running from 22 May 2026 to 23 July 2026. All 15 provisionally selected Applicants formally accepted the offer within the established deadline.

In accordance with Article 6.7, a ranked Waiting List remains in force for the first three (3) weeks of the programme (until 12 June 2026). Should any Beneficiary withdraw voluntarily during this period, the vacant position will be offered to the next highest-ranked Applicant on the Waiting List. After this date, the Waiting List will no longer be operative.

3. Full Ranking and Resolution Table

The table below sets out the complete ranking, including the 15 confirmed Beneficiaries, the ranked Waiting List (operative until 12 June 2026), and the applications that did not meet the mandatory eligibility criteria.

| Ranking | Project ID | Company Name | Status |
|---------|------------|---|-------------|
| 1 | 13 | Pack2Earth | Beneficiary |
| 2 | 22 | Lokutor | Beneficiary |
| 3 | 39 | Avatia | Beneficiary |
| 4 | 41 | OneCareAI | Beneficiary |
| 5 | 4 | UP2SMART INNOVATIVE TECHNOLOGICAL SOLUTIONS, S.L. | Beneficiary |

| Ranking | Project ID | Company Name | Status |
|---------|------------|--|--------------|
| 6 | 14 | Microsei Biotech SL | Beneficiary |
| 7 | 46 | KeyNode | Beneficiary |
| 8 | 86 | Biyiud S.L. | Beneficiary |

4. Notification and Next Steps

All confirmed Beneficiaries have been formally notified by email of their selection outcome. Each Beneficiary accepted the offer within the three (3) working day acceptance window established in Article 7.2 of the Rules for Participation, and signed and returned the Rules for Participation together with the required documentation.

The Waiting List remains operative until 12 June 2026 (the end of the third week of the programme). Should a Beneficiary withdraw voluntarily during this period, the Organizer will contact the next highest-ranked Applicant on the Waiting List and offer them the vacant position. After 12 June 2026, no further replacements will be made and the Waiting List will cease to be operative.
