

BSC AI Factory – Incubation Programme

Resolution of Call 3

Final Resolution

Date of issue: 6 October 2026

In accordance with the timeline established for **Call 3 of the BSC AI Factory Incubation Programme**, a total of **95 applications** were received across the four Incubation Sites: Barcelona (Spain), Porto (Portugal), Lisbon (Portugal) and Bucharest (Romania).

The procedure consisted of two stages:

1. **Eligibility Screening:** All 95 submitted applications were assessed to verify compliance with the mandatory eligibility criteria set out in Article 3 of the Rules for Participation. A total of 80 applications were found to fulfil the required criteria and were admitted to the subsequent stage. The remaining 15 applications did not meet one or more of the mandatory criteria and were excluded from the selection process in accordance with Article 6.3.
2. **Competitive Evaluation:** In all four Incubation Sites the number of eligible applications exceeded the number of available places. A competitive evaluation was therefore conducted by the Evaluation Panel, composed of BSC AI Factory staff members, in accordance with Article 6.4. Applications were assessed against the five weighted evaluation criteria defined in Article 6.5 and ranked independently for each Site, in accordance with Articles 6.6 and 6.8.

Following the notification and acceptance period, a number of provisionally selected Applicants withdrew or declined the offer. In accordance with Article 6.7, vacant positions were offered to the next highest-ranked Applicant on the corresponding Site-specific Waiting List. The tables below reflect the final confirmed results, including all withdrawals and replacements.

Upon completion of the full selection and acceptance procedure, it is hereby resolved that **32 companies** have confirmed their participation as Beneficiaries under Call 3 of the BSC AI Factory Incubation Programme, distributed as follows: **20 in Barcelona (Spain)**, **5 in Porto (Portugal)**, **5 in Lisbon (Portugal)**, and **2 in Bucharest (Romania)**.

1. Incubation Site: Pier 07, Barcelona, Spain

A total of 59 applications were received for the Barcelona Incubation Site, of which 49 were eligible. In accordance with Article 6.2, up to 17 places were allocated through the competitive evaluation and 3 places were reserved for the winners of the previous edition of the BSC AI Factory Acceleration Programme (**Avatia**, **OneCare AI** and **Qatium**). Following notification, **Ploid AI Biotech** withdrew from the programme and, in accordance with Article 6.7, its place was filled by **STORYDATA** from the Waiting List. **Qatium** did not exercise its reserved place; in accordance with Article 6.2, the place was allocated following the ranking order established by the Evaluation Panel to **Axelia Cybersecurity**.

WL 5	Hype Media System	Waiting List 5
WL 6	Decyber SRL	Waiting List 6
WL 7	Forum Project Invest SRL	Waiting List 7

5. Notification, Acceptance and Appeals

All candidates were formally notified by email of their selection outcome. In accordance with Article 7.2, selected Applicants were granted **five (5) working days** from the date of notification to formally accept or decline the offer. Failure to formally accept within this period was construed as a definitive rejection.

To accept, applicants were required to reply to the official email, **signing the Rules for Participation and providing the necessary documentation** with all information about the participants in the Incubation Programme.

In accordance with Article 7.3, Applicants who disagree with the outcome may submit a formal written appeal within **five (5) working days** from the date of notification. The Organizer shall issue a reasoned response within ten (10) working days. The submission of an appeal does not suspend the execution of the Incubation Programme or the onboarding of selected Participants.

In accordance with Article 6.7, the Site-specific Waiting Lists remain valid throughout the entire duration of the Batch. Should any further vacancy arise, it will be offered to the next highest-ranked Applicant on the Waiting List of the corresponding Incubation Site.

This resolution is issued as formal accreditation that the selection process for Call 3 of the BSC AI Factory Incubation Programme has been executed in full compliance with the Rules for Participation and under principles of transparency, legality, and fairness. This document incorporates the final acceptance outcomes and constitutes the definitive list of confirmed Participants for the Batch running from 5 October 2026 to 31 March 2027.
